

Mission Statement

Winn & Coales (Denso) Ltd

The company's vision is to be the leading manufacturer and supplier of anti-corrosion, waterproofing and sealing materials and technology to the world providing, in parallel, unrivalled service to all our customers. We will supply high quality, cost effective and environmentally responsible solutions.

This will be achieved responsibly and sustainably with consideration given to the impact of the business to the environment. Risk will be managed effectively and a continuous program of improvement and innovation, research and development will be followed. Business will be conducted ethically, and employees will be treated fairly.

A handwritten signature in black ink that reads "Asweeney".

Andrew Sweeney
Managing Director
